

INSTRUCTIONS FOR USE: Wash and thoroughly dry feet. Apply 1/2 capful of SOS powder to each foot, making sure to massage the powder into all areas, including between toes and around toenails. Wash hands with soap after applying to remove powder from hands. Repeat the procedure once per day on the following two days, for a total of 3 days' treatment.

On first day of treatment, apply 1 capful of SOS powder to each shoe, cover the opening of the shoe, and shake it around to evenly distribute the powder. Treat all pairs of shoes you wear on a regular basis. Most shoes require only one treatment. In shoes where the stink has become an Entity, re-treat after a few days if the stink has not completely disappeared.

IMPORTANT: Both feet and shoes must be treated for effective results. Untreated shoes will transfer bacteria back onto your feet. This package will treat 2 pairs of feet and 8 pairs of shoes for 1 year.

Kills the bacteria that
cause foot & shoe odor.
One treatment keeps feet &
shoes stink-free for 6 months!
NET WT. 2 OZ

SOS FOOT & SHOE
STOMP OUT STINK

FOR EXTERNAL USE ONLY. KEEP OUT OF REACH OF CHILDREN.

Ingredients:
USP microfined zinc oxide, bactericide
